## FIRE DEPARTMENT

### 1. Provide a site plan of set up:

To ensure appropriate review of your event, it is preferred that you submit computer assisted drawings (CAD) of your event site plan. This is applicable for both moving routes and fixed venues. If CAD plans are not submitted, your site plan should be produced in a clear and legible manner. Site plans should be submitted in an 8 ½" x 11" or 8 ½" x 14" standard format. Your event site plan must include the following items:

- An outline of the entire event venue including the names of all streets or areas that are a part of the venue and the surrounding area. If the event involves a moving route of any kind, indicate the direction of travel.
- The location of fencing, barriers and/or barricades. Indicate any removable fencing for emergency access.
- The provision of minimum twenty foot (20') emergency access lanes throughout the event venue, with the exception of Virginia Street between First and Fifth Streets where twelve foot (12') emergency access lanes are required. Intersections with all side streets must remain open and minimum twenty-eight foot (28') emergency access lanes are maintained on Second and Fourth Streets.
- The location of first aid facilities and, if applicable, the location of ambulances.
- The location and dimensions of all stages, platforms, scaffolding, bleachers, grandstands, seating with aisle spacing, canopies, tents, portable toilets, booths, beer gardens, cooking areas, trash containers and dumpsters, and other temporary structures.
- A detail or close-up of the food booth and cooking area configuration including booth identification of all vendors cooking with flammable gases, fryers, and/or barbeque grills.
- Generator locations and/or source of electricity.
- Placement of vehicles and/or trailers.
- Exit locations for outdoor events that are fenced and/or locations of exits within tents and tent structures.
- Identification of all event components that meet accessibility standards.
- Any other related event components not listed above.

A Fire Inspector will review the submitted plans for the special event. Upon final approval of the floor plan the Inspector will return a copy to the promoter indicating all applicable fees not collected at time of application and any special requirements.

### 2. Fire Inspection:

A Fire Inspector will inspect the facility during set-up to determine compliance with these requirements. In the event fire and life safety violations are found, the applicant will be given one opportunity for compliance. Failure to adhere to these requirements may result in citation, delay of opening, or closure of the event. The organization holding the event is responsible for making all vendors aware of the Reno Fire Department guidelines listed in Attachment F, as well as all requirements noted on any issued permits.

3. Additional Information:

Will you be using any of the following? Check all that apply:

## INSURANCE, TERMS AND CONDITIONS

### General Liability Insurance

Special Event applicants must provide a policy of general liability insurance for the specific dates of the event naming the "City of Reno, its officers, employees, and agents" as an Additional Insured. The policy must be obtained from a carrier licensed to do business in the State of Nevada.

Minimum general liability insurance limits are as follows:

1. Combined single limit of \$1,000,000 per occurrence.
2. Automobile liability insurance limits are \$1,000,000 combined single limits (only required for events involving production vehicles such as carnivals).

These terms and conditions are not to be changed by any words added by Event Organizer. Any change in terms must be agreed to by the City, in writing.

**Certificate of Insurance is required at least 30 days before the event.**

**Fax to:**

**775-326-5150 – Special Events - Parks**

**775-334-2097 – Special Events - Street/Sidewalk Occupancy**

**Indemnification of the City of Reno.** As a further condition of this permit, the permittee shall indemnify, defend and hold harmless the City and its officers, agents and employees (collectively "Indemnitees") from and against any claim, loss, damage, injury, death and liability of every kind, nature and description (including without limitation, incidental and consequential damages, court costs, attorneys' fees and costs of investigation) that arise directly or indirectly, in whole or in part, from or relating to any conduct of the permittee or the permittee's principals, agents, employees, subcontractors, vendors or invitees related to or arising out of the permitted event. City does not waive, and specifically reserves, all of its statutory and common law defenses, including all protections under NRS Chapter 41.

Any and all questions regarding insurance should be directed to:

## DISPOSAL AND RECYCLING PLAN

Will you be using existing, City-owned trash receptacles at your event?

☒ Yes.

Note that you will be required to empty these receptacles frequently throughout the course of your event. Plastic bags must be used to line the trash receptacles. City staff will not service the receptacles during your event, other than during activities designated as Special Event – Parks.

☐ No.

Describe refuse removal plan:

We will have a 30 yrd dumpster provided by Waste Management (emptied daily). Our staff will monitor trash outside and empty City cans as needed as well as provide additional cans for usage.

Other than during Special Event – Parks, event organizers are required to manage recycling at all Reno Special Events (Park Staff manages recycling at Special Events – Parks).

Method and types of recyclable material collection:

☐ cans

☒ plastic bottles

☐ paper materials

☐ cardboard

☐ other

Describe recycling plan if event is not taking place in a City park:

Recycling containers (marked) will be provided by our staff and combined with our company recyclables for disposal.

How will you promote recycling at your event?

The cans will be marked and in plain view.

## ACCESSIBILITY PLAN

As an event organizer, you are required to comply with all City, County, State and Federal Accessibility requirements to your event. All temporary venues, related structures, and outdoor sites for special events shall be accessible to seniors and persons with disabilities. If a portion of the area cannot be made accessible, an alternate area shall be provided with the same activities that are in the inaccessible areas. It cannot, however, be offered only to patrons with disabilities. Accessibility provisions may include parking, rest rooms, telephone, and clear path of travel, transportation, signage, accessible vendors and booths.

The City of Reno has the following checklist which is intended to serve as a planning guideline and may not be inclusive of all City, County, State and Federal Disability Access requirements. It is important that you plan for the safe arrival and departure of event attendees, participants, and vendors.

- Accessibility parking and/or shuttle accommodations will be provided for this event.
- There will be a clear path of travel for accessibility purposes throughout the event.
- A minimum of 10% of portable restrooms provided at the event will be accessible.
- All food, beverage and vending areas will be accessible.
- If an information center is located at the event, attendants will be available to assist disabled individuals.

## EMERGENCY MEDICAL SERVICES

The City of Reno has adopted the Washoe County District Board of Health's Suggested Guidelines for Emergency Medical Services (EMS) for Mass Gatherings. The general guideline for any mass gathering event larger than 2,500 people per day is access to an Advanced Life Support (ALS) ambulance within eight (8) minutes or one (1) dedicated ALS ambulance, and on-scene medical personnel of various levels suitably equipped, which may vary depending upon the factors evaluated.

The EMS Coverage Analysis Flow Chart on the following page is provided to serve as a guideline for determining the appropriate EMS coverage for your event. Proof of EMS coverage will be required for any event with attendance of 2,500 or more people per day. For events with a daily attendance of less than 2,500, the Host Organization shall provide REMSA with an ingress/egress plan for the event and are encouraged to have an on-site First Aid station staffed by an EMT.

### ROUTE MAP/USE OF PUBLIC RIGHT-OF-WAY

\*For purposes of this application, Public Right-Of-Way is defined as  
any public street, road, sidewalk, bridge, alley or other pathway used for vehicular and/or pedestrian passage.\*

If your event is a parade, procession, foot race or involves any other type of moving route, please provide a detailed route map indicating the start and finish locations, direction of travel and any aid stations or other setup along the route.

Please note that event signs, posters, flags or other materials may NOT be hung from, attached, or otherwise affixed to any permanent public sign, post, fixture or to any temporary sign, barricade, or other type of equipment placed or provided by the City of Reno to close a street, provide a secure event perimeter, or otherwise accommodate the event.

### STREET CLOSURES OR RESTRICTIONS

Applications requesting a street closure or restriction must be submitted at least 90 days prior to the date of the event.

Please indicate any of the following street locations your event will involve by selecting as many of the below that apply:

### STREET CLOSURE PRESS RELEASE

If your event involves a street or sidewalk closure or restriction of any kind, you must prepare and attach to this permit application a draft press release indicating which streets will be impacted, for what days and times and suggested alternate routes. This release must have a contact name and phone number should the media require additional information.

### PARKING / SHUTTLE

While special events are a benefit to local residents, they can also severely impact traffic, parking and disrupt citizens' ability to travel around their hometown.

How do you intend to lessen the impact of your event (traffic/parking) on local businesses and residents?

Where will event participants park?

## RENO FIRE DEPARTMENT INFORMATION

Welcome and thank you for choosing Reno for your special event. The Reno Fire Department is committed to promoting public safety and ensuring that your event is successful and safe. The purpose of these guidelines is to familiarize event promoters and vendors with fire and life safety requirements enforced by the Reno Fire Department.

The following items are prohibited for use, sale, display, distribution, manufacture or possession in all special event locations (both indoor and outdoor) without permit and approval from the Reno Fire Department: pyrotechnics, ammunition, smoke or flame generating devices, fireworks, any exploding device or material, cigarette or cigar loads, smokeless or black powder, live military ordinance, tear gas or any other toxic gas producing device.

### Indoor Event Requirements

Indoor events may only take place in Assembly type occupancies unless otherwise permitted by the Reno Fire Department.

1. ☐ Approved Maximum Occupant Load Signs must be posted in a conspicuous place.

### Exits and Aisle Widths

2. ☐ Exit doors shall be identified by illuminated "exit signs".
3. ☐ All exit doors must be maintained in operable condition and shall not have a lock or latch unless it is panic hardware.
4. ☐ Exit doors and exit paths shall not be obstructed in any manner.
5. ☐ Trade show and vendor exhibit aisles shall have not less than 8 foot cross aisles and 10 foot main aisles unless otherwise approved by the Reno Fire Department.

6. ☐ For areas without fixed seats, the minimum clear aisle width shall be 36 inches where seats, tables, furnishings, or displays are placed on one side of the aisle only, and 44 inches when such furnishings or displays are placed on both sides of the aisle. Aisles shall not have a dead end greater than 20 feet in length.

7. ☐ Unless otherwise approved by the Fire Department, seating rows shall not be greater than 7 seats when there is an aisle or doorway at one end of the row only. Seating rows can increase to a maximum of 14 seats if an aisle or doorway is located at both ends of the row. The minimum clear width between rows shall not be less than 12 inches.

8. ☐ Chairs are to be bonded together when seating exceeds 200 and seats are not fixed to the floor.

### Fire Protection Equipment

9. ☐ Fire protection systems and equipment (sprinklers, standpipes, alarm systems, hood systems, extinguishers, hydrants, etc.) shall be operative at all times. Systems shall be current on required service and testing and must have an approved service label as certified by the office of the State Fire Marshal.
10. ☐ Fire protection equipment such as sprinkler risers, alarm panels, and fire extinguishers shall not be obstructed in any manner.
11. ☐ Approved fire extinguishers with a minimum rating of 2A10BC must be accessible within 75 feet of travel from any point in the building.

### Indoor Displays

12. ☐ Except for vehicles or combustion engines used for demonstration and/or operational purposes on a limited basis, fueled equipment shall not be operated or repaired inside structures. All indoor use must be reviewed and specifically approved through the fire department permitting process.
13. ☐ Liquid or gas fueled vehicles, boats, or other motor craft for display are only allowed indoors when batteries are disconnected, fuel in fuel tank does not exceed one-quarter tank or 5 gallons (whichever is less), fuel tanks and fuel openings are closed and sealed to prevent tampering. Vehicles are prohibited from being fueled or defueled within the building.
14. ☐ Open-flame decorative devices, cooking devices, or theatrical open flame performances are not allowed without first obtaining a separate permit from the Reno Fire Department.
15. ☐ All Tents and Canopies used for indoor displays shall be composed of material meeting the flame propagation performance criteria of NFPA 701. A certificate shall be submitted to the Reno Fire Department and a copy retained on the premise where the temporary structure is set up. This affidavit or certificate shall attest to the following information:
  - a. Names and addresses of the owners of the tent or canopy.
  - b. Date the fabric was last treated with flame-retardant solution.
  - c. Trade name or kind of chemical used in treatment.
  - d. Name of person or firm treating the material.
  - e. Name of testing agency and test standard by which the fabric was tested.

----- or -----

- e-1. A permanently affixed label from the Office of the State Fire Marshal stating that the material used for the tent or canopy is flame retardant and a Certificate of Flame Resistance.

----- or -----

- e-2. 10 x 10 foot canopies meeting fire retardant CPAI-84 requirements, as listed in the manufacturer specifications.

16. ☐ A 10 foot break shall be provided when canopies, cumulative arrangement total, exceeds 400 square feet (e.g. when four 10'X 10' canopies are assembled in a row a 10 foot break shall separate the next canopy).
17. ☐ Temporary indoor displays of enclosed structures (e.g. recreational vehicles, modular structures, and tents) shall be approved by the Reno Fire Department prior to set up or construction. All enclosed structures shall contain an approved early warning device, such as an operable smoke detector. Combustible storage shall be limited.
18. ☐ Structural engineered and stamped plans for exhibitors with temporary structures *other than tent and membrane structures* greater than 120 square feet, or more than one story, must be submitted through the Reno Fire Department for review by the Reno Building Department prior to set-up or construction. Plans will be reviewed within ten business days. Please submit plans in a timely manner to allow for corrections, if necessary. An additional structural plan review fee will be assessed by the Reno Building Department for this review.

#### Electrical

19. ☐ A working space of not less than 30 inches wide and 36 inches in depth shall be maintained around electrical panels.
20. ☐ Multi-plug power taps can only be used if they are polarized or grounded type and equipped with UL listed over-current protection.
21. ☐ Extension cords may only be used with portable appliances. The ampacity of the extension cord shall not be less than the rated capacity of the portable appliance.
22. ☐ Power taps and extension cords shall be directly connected to a permanently installed receptacle (no daisy chaining), and shall not be affixed to structures; extend through walls, ceilings, floors, under doors, or be subject to environmental damage.

## Outdoor Event Requirements

### Tents and Canopy Set-up

A tent is defined as a structure, enclosure or shelter constructed of fabric or pliable material supported by any manner except by air or the contents that it protects. A canopy is defined as a structure, enclosure, or shelter constructed of fabric or pliable material supported by any manner except by air or the contents that it protects, and is open without sidewalls or drops on 75 percent or more of the perimeter.

Tents having an area in excess of 200 square feet and canopies in excess of 400 square feet shall not be erected, operated, or maintained for any purpose without first obtaining a permit and approval from the Reno Fire Department.

1. ☐ Tents and canopies, used as an assembly occupancy, having an area in excess of 200 square feet of floor area, and any size canopy used for a cooking booth shall be composed of material meeting the flame propagation performance criteria of NFPA 701. A certificate shall be submitted to the Reno Fire Department and a copy retained on the premises where the temporary structure is set up. This affidavit or certificate shall attest to the following information:

- a. Names and address of the owners of the tent or canopy.
- b. Date the fabric was last treated with flame-retardant solution.
